Cecilia Ferm Almqvist

Course Aim

To give teachers at university level an in-depth knowledge of, and possibility for reflection over the development of his/her role as a university teacher. View on learning and pedagogical models in relation to governing documents and the visions of the working place are important aspects of this.

Contents

Learning and didactics in a university environment, different models as a basis for teaching
Aesthetic learning in higher education
Critical friends, fellow teacher observation
Reflection and dialogue on the personal practice
Formative and summary evaluation, and examination
Teacher's attitude towards human beings, environment, society, research and governing documents
Student participation at different levels
Pedagogical qualification

Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.

Lectures of internal and external teachers
Discussions in smaller and larger groups
Collective reflection, logbook writing emanating from lectures, literature and own practice
Alternative ways of accounting
Observation of teaching by others
Active development of own practice.

Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided. Continuous accounting of logbook, collective reflection and observations, and a conclusive written report of the before mentioned.
