# Technical Communication 7.5 credits D0023D

## Teknisk kommunikation

### First cycle, D0023D

Education level	Grade scale	Subject	Subject group (SCB)
First cycle	U G#	Datateknik	Computer Technology

## Entry requirements

In order to meet the general entry requirements for first cycle studies you must have successfully completed upper secondary education and documented skills in English language + Swedish upper secondary school courses Physics 1b1 or 1a, Mathematics 2a or 2b or 2c.

## Selection

The selection is based on final school grades or Swedish Scholastic Aptitude Test.

## Course Aim

After course completion, the student should be able to:

- demonstrate basic knowledge in library search and web search
- show an ability to judge where to search for different types of information and how to prepare search
- show an ability to evaluate and assess information
- demonstrate an developed ability to read technical papers, both in Swedish and English
- demonstrate basic presentation skills, both orally and written
- demonstrate practical skills in using the most common personal productivity computer programs, such as Microsoft Word, Power Point, and Excel
- demonstrate basic skills in web page design and programming
- describe the Swedish national equality goals
- discuss and give examples of conditions for equality in working life and society

## Contents

Librarianship (media- and information competence, referencing).  
Presentation techniques and information technology  
Technical literature studies and report writing  
Web development  
Gender equality in worklife and society

## Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.  
The education consists of seminars and assignments.

## Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided. Compulsory laboratory assignments and final assignment (report and oral presentation). Attendance at seminars is mandatory.

## Unauthorized aids during exams and assessments

If a student, by using unauthorized aids, tries to mislead during an exam or when a study performance is to be assessed, disciplinary measures may be taken. The term “unauthorized aids” refers to aids that the teacher has not previously specified as permissible aids and that may assist in solving the examination task. This means that all aids not specified as permissible are prohibited. The Swedish version has interpretative precedence in the event of a conflict.

## Overlap

The course D0023D is equal to ISY059

The course D0023D is equal to ISY059

## Course offered by

Department of Computer Science, Electrical and Space Engineering

## Modules
