Entry requirements

In order to meet the general entry requirements for first cycle studies you must have successfully completed upper secondary education and documented skills in English language + Swedish upper secondary school course English 6.

Selection

The selection is based on final school grades or Swedish Scholastic Aptitude Test.

Course Aim

After finishing the course, the student will have

- gained a basic understanding of creative writing as a craft, narratology and literary devices;
- developed basic creative writing skills;
- increased his/her overall level of proficiency in English;
- developed the necessary toolkits to analyse and improve his/her own fictional texts and constructively comment on those of other students.

Contents

This is an introductory course to creative writing in English. The course aims to develop the student not only as an imaginative writer, but also as a user of English. To support the student's development, there will be online writing activities based on analysis of example texts and student-produced materials. Throughout the course, the student will be asked to submit a number of written assignments, consisting of short stories, poetry and a synopsis. In preparation for these assignments, the student will have the opportunity to engage in various writing and literary exercises. The written assignments will, moreover, be reviewed orally during seminars and workshops, allowing the student to practise presenting his/her work to others and develop skills in receiving and providing feedback.

Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.

The course will be taught online and consists of seminars and two mandatory workshops.

Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided.

Active participation in workshops and the completion of written assignments.

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided.

Unauthorized aids during exams and assessments

If a student, by using unauthorized aids, tries to mislead during an exam or when a study performance is to be assessed, disciplinary measures may be taken. The term "unauthorized aids" refers to aids that the teacher has not previously specified as permissible aids and that may assist in solving the examination task. This means that all aids not specified as permissible are prohibited. The Swedish version has interpretative precedence in the event of a conflict.
