# Senior Design Project in Soil Mechanics and Foundation Eng 7.5 credits G0007B

## Projektkurs i geoteknik

### First cycle, G0007B

Education level	Grade scale	Subject	Subject group (SCB)
First cycle	G U 3 4 5	Geoteknik	Civil Engineering

## Entry requirements

In order to meet the general entry requirements for first cycle studies you must have successfully completed upper secondary education and documented skills in English language and G0003B Soil Mechanics or corresponding course. Good knowledge in English, equivalent to English B/6.

## Selection

The selection is based on 1-165 credits.

## Course Aim

To provide the students a possibility to deeper studies in a special subject.

## Contents

Outlined for every special case.

## Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.

Outlined for every special case.

## Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided. Judgement of project work and project report.

## Unauthorized aids during exams and assessments

If a student, by using unauthorized aids, tries to mislead during an exam or when a study performance is to be assessed, disciplinary measures may be taken. The term "unauthorized aids" refers to aids that the teacher has not previously specified as permissible aids and that may assist in solving the examination task. This means that all aids not specified as permissible are prohibited. The Swedish version has interpretative precedence in the event of a conflict.

## Overlap

The course G0007B is equal to ABG114

## Course offered by

Department of Civil, Environmental and Natural Resources Engineering

## Modules

Code	Description	Grade scale	Cr	Status	From period	Title
0001	Project report	G U 3 4 5	7.5	Mandatory	A07	Yes

## Last revised

by Assistant Director of Undergraduate Studies Eva Gunneriusson, Department of Civil, Environmental and Natural Resources Engineering 2022-06-15

## Syllabus established

The plan is established by the Department of Civil and Environmental Engineering 2007-01-31 and is valid from H07.
