Examination in composition is by means of ongoing presentation of assignments and composition projects.

Demonstration of competence in composition takes place both orally and in music note form, and through dialogue with students and teacher. Examination in theory subjects (harmony theory, counterpoint, arrangement and instrumentation) is by means of assignments in written and music note form.

Unauthorized aids during exams and assessments

If a student, by using unauthorized aids, tries to mislead during an exam or when a study performance is to be assessed, disciplinary measures may be taken. The term "unauthorized aids" refers to aids that the teacher has not previously specified as permissible aids and that may assist in solving the examination task. This means that all aids not specified as permissible are prohibited. The Swedish version has interpretative precedence in the event of a conflict.
