Environmental and Quality Auditing 7.5 credits L0004N

Miljö- och kvalitetsrevision

First cycle, L0004N

Education level	Grade scale	Subject	Subject group (SCB)
First cycle	U G#	Miljöledning	Industrial Engineering and Management

Entry requirements

In order to meet the general entry requirements for first cycle studies you must have successfully completed upper secondary education and documented skills in English language and completed courses of at least 60 credits, with at least the grade Pass, of which 15 credits in industrial engineering and management such as Industrial management with a sustainability perspective (G0010N) 7,5 credits, Sustainable development (L0010N) 7,5 credits, Ecology and environmental science (N0005P) 7,5 credits, Environmental management (L0001N) 7,5 credits, Quality management; introduction course (K0001N) 7,5 credits, or equivalent knowledge.

Selection

The selection is based on 1-165 credits.

Course Aim

The aim of the course is that students through exercises shall have trained methods to audit organizations regarding environmental and quality management systems. After completing the course each students shall be able to use the tools and international standards available to perform audits of environmental and quality management systems.

Contents

A run-through of basics in Environmental and Quality Management together with international standards that concern audits of environmental and quality management systems. To plan, perform and report an audit of a quality and/or environmental management system, in theory as well as in practice. Application of the knowledge in auditing techniques in real audits of organisations in the region.

Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.

Campus; Lectures, group assignments and one larger project. Guest lecturers are used to present case studies. Group assignments are presented both in written reports and/or orally. Compulsory attendance for certain sessions is required. Internet; Individual and group assignments connected to the course literature and other web material. Communication with teachers mainly through the Internet.

Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided. Continuous examination individually or in groups.

Unauthorized aids during exams and assessments

If a student, by using unauthorized aids, tries to mislead during an exam or when a study performance is to be assessed, disciplinary measures may be taken. The term “unauthorized aids” refers to aids that the teacher has not previously specified as permissible aids and that may assist in solving the examination task. This means that all aids not specified as permissible are prohibited. The Swedish version has interpretative precedence in the event of a conflict.

Remarks

Students must register for the courses themselves, or contact ETKS educational administration eduetks@ltu.se, not later than three days after the quarter commences. Failure to do so can result in the place being lost. This rule also applies to students with a guaranteed place.

The course L0004N is equal to L0006N.

Overlap

The course L0004N is equal to IEK254, L0006N
