# Medical Science Psychiatry and addiction treatment 15 credits M0060H

## Medicinsk vetenskap Psykiatri och missbruksvård

### First cycle, M0060H

Education level	Grade scale	Subject	Subject group (SCB)
First cycle	U G VG	Medicinsk vetenskap	Medicine

## Entry requirements

In order to meet the general entry requirements for first cycle studies you must have successfully completed upper secondary education and documented skills in English language

## Selection

The selection is based on final school grades or Swedish Scholastic Aptitude Test.

## Examiner

Anja Söderberg

## Course Aim

The student should after acquiring knowledge of psychiatric disabilities and addiction treatment be able to describe, discuss and reflect on and, in collaboration with medical expertise, plan and analyse in case of the above diseases. In addition, students should be able to describe current legislation in the area.

## Contents

- Historical account
- Psychiatry/Forensic psychiatry
- Addiction and addiction treatment
- Community psychiatry
- Diagnostics/Treatments, Psychopharmacology, Motivational Interviewing, Psychological models and psychiatric rehabilitation
- Current legislation

## Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.

In order to reach the course objectives, the student should independently, through group cooperation and with support of the literature and lectures, work according to the instructions in the study guide. The student will receive training in written presentations and group work. All examinations are compulsory.

## Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided. The achieved aims are examined through written individual examination, and through group and individual assignments. The student will be passed when all modules are passed. To receive the grade pass with distinction on the full course, pass with distinction in the written individual examination is required along with pass on both take-home examinations.

## Remarks

The course is for first-cycle studies and is carried out at half-speed. Study supervision is provided in the course room in Canvas.

## Literature. Valid from Autumn 2015 Sp 1

Allgulander, C. (latest edition). Introduktion till klinisk psykiatri. Lund: Studentlitteratur.

International and national scientific articles to be added

## Course offered by

Department of Health Sciences
