Examiner

Bo Jonsson

Course Aim

After the course the student will have the ability to identify, quantify and manage different risks in financial portfolios. Specifically, this means that the student should have the ability to without a mathematical or statistical manual be able to:

- Describe and calculate the return and the risk by using Markowitz portfolio theory and explain how investors choose an optimal portfolio.
- Explain how financial assets are valued according to CAPM and APT.
- Explain how diversifying assets influence the portfolio risk.
- Evaluate portfolio result.
- Value stocks.
- Value bonds.
- Analyze interest risks and manage these with immunization strategies.
- Value derivative instruments such as options and forwards.
- Use derivatives for influencing the risk level in the portfolio.
- Be able to describe the theory for efficient market and be able to analyze what implication efficient or inefficient markets have on financial investments.

Contents

The course contents:

- A short introduction of financial actors and instruments.
- Markowitz portfolio theory
- Factor models
- The Capital Asset Pricing Model, CAPM
- The Arbitrage Pricing Theory, APT
- Bonds and yield curves
- Interest risk and duration
- Immunization
- Options and options valuation methods
- Option strategies
- Forwards and futures
- Stock valuation
- Efficient markets

Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.
The teaching will be in the form of lectures.

Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided. Written exam and written assignments. The exam will not be marked before the written assignments are approved. The questions on the written exam will be focused on theoretical understanding and analysis. A great deal of the quantitative calculations will be examined by the written assignments.

Remarks

Students must register for the courses themselves or contact ETKS educational administration, eduetks@ltu.se not later than five days after the quarter commences. Failure to do so can result in the place being lost. This rule also applies to students with a guaranteed place.
