Main field of study

Business Administration

Entry requirements

In order to meet the general entry requirements for first cycle studies you must have successfully completed upper secondary education and documented skills in English language

Selection

The selection is based on final school grades or Swedish Scholastic Aptitude Test.

Course Aim

The student should after having passed the course be able to:

- Describe an organization's design and operations
- Explain central concepts and theories related to organizations
- Analyze how central problems in organizations can be handled

Contents

The course covers central topics in organizational theory, such as the integration between organizations and the external environment; organizational structure, goals, and strategies; and management and organizational change. The course also covers the role and responsibility of organizations to act in ethical and sustainable ways.

Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.

The course is made up of the following activities:

- Self-studies
- Lectures
- Project assignment that is presented in writing and orally
- Seminar(s)

Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided. Examination is conducted through a project assignment and through a written exam. The project assignment and the written exam both cover all learning objectives. The written exam, however, has a particular focus on examining the skills to describe an organization's design and operations and explain central concepts and theories related to organizations, whereas the project assignment has a particular focus on examining the skill to analyze how central problems in organizations can be handled.

Unauthorized aids during exams and assessments

If a student, by using unauthorized aids, tries to mislead during an exam or when a study performance is to be assessed, disciplinary measures may be taken. The term “unauthorized aids” refers to aids that the teacher has not previously specified as permissible aids and that may assist in solving the examination task. This means that all aids not specified as permissible are prohibited. The Swedish version has interpretative precedence in the event of a conflict.
