

SYLLABUS

Senior Design Project in Applied Geophysics 15 credits 07002K

Projektkurs i tillämpad geofysik

Course syllabus admitted: Autumn 2011 Sp 2 - Present

**DECISION DATE
2011-10-05**

Senior Design Project in Applied Geophysics 15 credits O7002K

Projektkurs i tillämpad geofysik

Second cycle, O7002K

Education level	Grade scale	Subject	Subject group (SCB)
Second cycle	G U 3 4 5	Geofysik	Earth Science and Physical Geography

Entry requirements

Decided by the examiner depending on type of project.

Selection

The selection is based on 30-285 credits

Examiner

Sten-Åke Elming

Course Aim

The student shall independantly design, carry out and report a project within the subject.

Contents

The project theme shall be chosen in cooperation with the examiner and be related to modern research and development.

Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.

The student will work independently with guidance.

Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided.
Written report

Transition terms

2500

Literature. Valid from Autumn 2007 Sp 1

Depends on the project choosen, and will therefor be decided later.

Course offered by

Department of Civil, Environmental and Natural Resources Engineering

Items/credits

Number	Type	Credits	Grade
0001	Passed oral and written presentation	15	G U 3 4 5

Last revised
