

SYLLABUS

Senior Design Project in Applied Geophysics 30 credits 07003K

Projektkurs i tillämpad geofysik

Course syllabus admitted: Autumn 2023 Sp 1 - Present

**DECISION DATE
2018-06-13**

Senior Design Project in Applied Geophysics 30 credits O7003K

Projektkurs i tillämpad geofysik

Second cycle, O7003K

Education level	Grade scale	Subject	Subject group (SCB)
Second cycle	G U 3 4 5	Geofysik	Earth Science and Physical Geography

Entry requirements

Decided by the examiner depending on type of project.

Selection

The selection is based on 30-285 credits

Course Aim

The student shall independantly design, carry out and report a project within the subject.

Contents

The project theme shall be chosen in cooperation with the examiner and be related to modern research and development.

Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.

The student will work independently with guidance.

Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided.
Written report

Unauthorized aids during exams and assessments

If a student, by using unauthorized aids, tries to mislead during an exam or when a study performance is to be assessed, disciplinary measures may be taken. The term "unauthorized aids" refers to aids that the teacher has not previously specified as permissible aids and that may assist in solving the examination task. This means that all aids not specified as permissible are prohibited. The Swedish version has interpretative precedence in the event of a conflict.

Transition terms

2500

Course offered by

Department of Civil, Environmental and Natural Resources Engineering

Modules

Code	Description	Grade scale	Cr	Status	From period	Title
0001	Passed oral and written presentation	G U 3 4 5	30	Mandatory	A07	Yes

Study guidance

Study guidance for the course is to be found in our learning platform Canvas before the course starts. Students applying for single subject courses get more information in the Welcome letter. You will find the learning platform via My LTU.
