Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided.

Organization of nursing care, 3hp

The examination includes a written group assignment where subject specific knowledge represent 1hp, and research method 0,5 hp. Clinical related assignments covering 1,5hp are examined individually.

Teamwork, 3hp

The examination includes a written individual assignment where subject specific knowledge and research methods and represent 1,5hp. Clinical related assignments are examined individually with support of the AssCe instrument for advanced studies.

Leadership, 1,5hp

The examination includes a subject specific individual assignment.

Grading criteria

In order to achieve the grade passed (G) for the whole course all stated examinations have to be passed. To archive the grade passed with distinction (VG) all three individual examination assignments have to be graded as passed with distinction (VG) and the group assignment as passed.

Remarks

The course is included in specialist education within elderly care and is given for second-cycle studies. The course is given by the Mid Sweden University.

Literature. Valid from Autumn 2015 Sp 2
