# Leadership, organization and development in psychiatric care 7.5 credits O7074H

## Ledarskap, organisation och utveckling i psykiatrisk vård

### Second cycle, O7074H

Education level	Grade scale	Subject	Subject group (SCB)
Second cycle	U G VG	Omvårdnad	Nursing Science

## Entry requirements

## Selection

The selection is based on 30-285 credits

## Course Aim

After successfully completing the course, the student is expected to be able to:

- reflect on and describe the organization's importance for the psychiatric nursing work
- reflect on and describe the nurse's role as a leader in the psychiatric nursing work
- identify needs and describe methods for systematic quality and patient safety work as well as continuous improvement work
- describe, explain and critically review quantitative methods in the research process
- apply applicable statutes and regulations - document scientifically

## Contents

Research ethics  
The nurse's role as manager and leader in psychiatric care  
Quality assurance work  
Patient safety  
Efforts for improvement  
Quantitative method  
Applicable statutes and regulations Scientific documentation and critical approach

## Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.  
Teaching and learning takes place by means of self-directed independent studies, lectures, labs, study assignments and seminars

## Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided. The successful attainment of the objectives for the course is assessed via seminars and written reports. The grading criteria for Pass or Pass with honors (G, VG) is stated in the Study Guide.

## Unauthorized aids during exams and assessments

If a student, by using unauthorized aids, tries to mislead during an exam or when a study performance is to be assessed, disciplinary measures may be taken. The term “unauthorized aids” refers to aids that the teacher has not previously specified as permissible aids and that may assist in solving the examination task. This means that all aids not specified as permissible are prohibited. The Swedish version has interpretative precedence in the event of a conflict.

## Remarks

The course is offered as part of a second-cycle study program in specialist training to become a nurse in psychiatric care.

## Overlap

The course O7074H is equal to O7028H

## Course offered by

Department of Health, Education and Technology
