# Construction management A- tender cost estimation 7.5 credits P0004B

## Byggstyrning A- Anbudskalkylering

### First cycle, P0004B

Education level	Grade scale	Subject	Subject group (SCB)
First cycle	U G#	Byggproduktion	Building Technology

## Entry requirements

In order to meet the general entry requirements for first cycle studies you must have successfully completed upper secondary education and documented skills in English language

## Selection

The selection is based on final school grades or Swedish Scholastic Aptitude Test.

## Course Aim

The main aim of this course is to give basic knowledge in planning and cost estimation of a building project. It provides also knowledge of methods and thinking in this area.

## Contents

- To appoint the scope of a building project - Planning and control of a building project in order to do cost estimation
- Resource planning - Tender cost estimation

## Realization

Each course occasion's language and form is stated and appear on the course page on Luleå University of Technology's website.

Teaching will take the form of lectures and work with an assignment report (training in group work and searching of information).

## Examination

If there is a decision on special educational support, in accordance with the Guideline Student's rights and obligations at Luleå University of Technology, an adapted or alternative form of examination can be provided. Approved assignment of written report and oral presentation.

## Unauthorized aids during exams and assessments

If a student, by using unauthorized aids, tries to mislead during an exam or when a study performance is to be assessed, disciplinary measures may be taken. The term "unauthorized aids" refers to aids that the teacher has not previously specified as permissible aids and that may assist in solving the examination task. This means that all aids not specified as permissible are prohibited. The Swedish version has interpretative precedence in the event of a conflict.

## Remarks

Due to similar content, the course cannot be included in a degree together with P0001B or other courses with similar content.

## Overlap

The course P0004B is equal to ABP114

## Course offered by

Department of Civil, Environmental and Natural Resources Engineering

## Modules

Code	Description	Grade scale	Cr	Status	From period	Title
0004	Short written exam	U G#	1.5	Mandatory	A08	
0005	Project work	U G#	6	Mandatory	A13
