

COURSE LITERATURE

Computational fluid dynamics 7.5 credits F7018T

Strömningsmekanikens beräkningsmetoder

Course literature admitted: Autumn 2022 Sp 2 - Present

**DECISION DATE
2022-08-22**

Ferziger J. H. & Peric M. Computational Methods for Fluid Dynamics, Springer
Material from digital course room
- Compendium in turbulence modeling and the k-eps model
- Assignment instructions

Examiner

Gunnar Hellström
