

COURSE LITERATURE

Introduction to Lean 7.5 credits K0014N

Introduktion till Lean

Course literature admitted: Autumn 2023 Sp 1 - Present

DECISION DATE
2023-06-15

The course literature mainly consists of the latest editions of the following three books:

- Petersson, P. m.fl. (2015). Lean – Gör avvikelser till framgång! Tredje omarbetade upplagan. Part Development AB, Part Development AB. ISBN: 978-91-980372-3-4
- Modig, N. & Åhlström, P. (2012). Detta är Lean. Stockholm: SSE Institute for Research. ISBN: 9789186797072.
- Liker, J.L. (2022). The Toyota Way - 14 ledningsprinciper för Lean i världsklass, 2nd edition. Liber. ISBN: 9789147145621

Additional literature may be added. Detailed information about the course literature and reading instructions is provided via the learning platform (Canvas) about two weeks before the course starts.
