

COURSE LITERATURE

Space Exploration for beginners 7.5 credits R0009R

Rymdutforskning för nybörjare

Course literature admitted: Spring 2024 Sp 3 - Present

**DECISION DATE
2023-02-15**

There is no prescribed text but students might find the textbooks below a useful companion to the module. Students are expected to read widely from the peer-reviewed literature to consolidate their understanding of course materials. Specific reading will be provided ahead of seminars.

Introductory reading:

D.A. Rothery: Teach yourself planets, Hodder Education.

Ron Greeley: Planetary landscapes, Chapman & Hall

J. Sellers: Understanding Space

Examiner

Mathias Milz
